

Unit 201 (CH11) Style and Finish Hair Activity 12

Group revision quiz

In teams, discuss and write down five questions that you can ask the other teams, based on styling hair. You can use your textbooks to devise questions.

Give your team a name and choose someone to be team captain.

Now aim one question at a particular team. A hand must be raised by the captain before the question is answered.

Score the correct answers on a chart. The team with the most correct answers wins. Questions that are answered incorrectly can be put out to tender as bonus points.
